## Summary

Quality policy for AnVa Polytech AB and AnVa Polytech UAB

## Content

1	Quality Policy .....	1
2	Other.....	2

## 1 Quality Policy

Every delivery from AnVa Polytech AB will be a recommendation for coming business.

Our goal is to produce flawless products and services. This goal will be accomplished through a well-developed operational system in accordance with ISO 9001, IATF 16949 as well as customer specific and customer unique requirements.

We will be innovative and efficient with a great focus on profitability and long-term sustainability.

The requirements of our customers on the right quality and the technical requirements mean that we constantly must develop our staff and machinery as well as our methods and management systems.

Mathias Larsson, CEO
